The section of canal we use for racing is registered as a Site of Special Scientific Interest, and this sensitive ecosystem is under threat from invasive, non-native, species. Will all paddlers please CHECK, CLEAN and DRY boats, paddles and kit (especially paddling shoes) before coming on site and if possible at least 24 hours before racing. Further guidance on how to stop the spread can be found at <http://www.nonnativespecies.org/checkcleandry/>.

The Mytchett site is directly under the flightpath for Farnborough Airport and is therefore not suitable for drone flights.
