

## How to purchase/renew your membership

1. Sign into your British Canoeing account

<https://britishcanoeing.justgo.com/Account.mvc/SignIn>

2. Your profile will load up

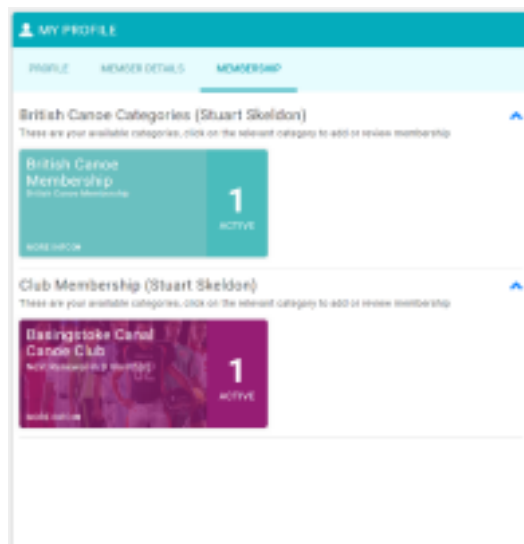

3. Choose “Membership” from one of the two ways below:

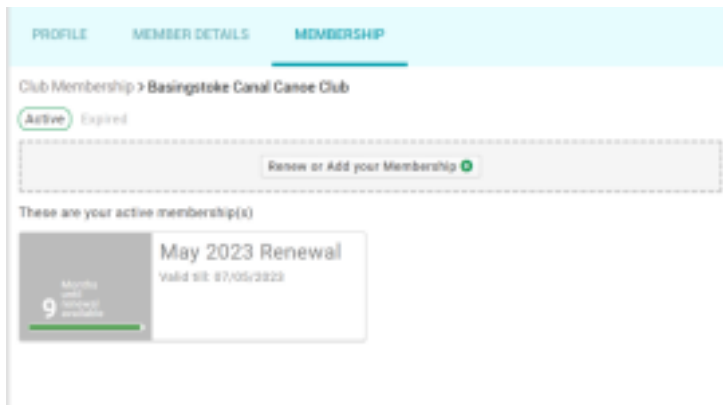

*Add family members with existing BC accounts (or create new ones for them) and make use of BCCC family membership discounts.*

4. The top “British Canoe Categories” is where you purchase your “On the Water” membership direct with BC.

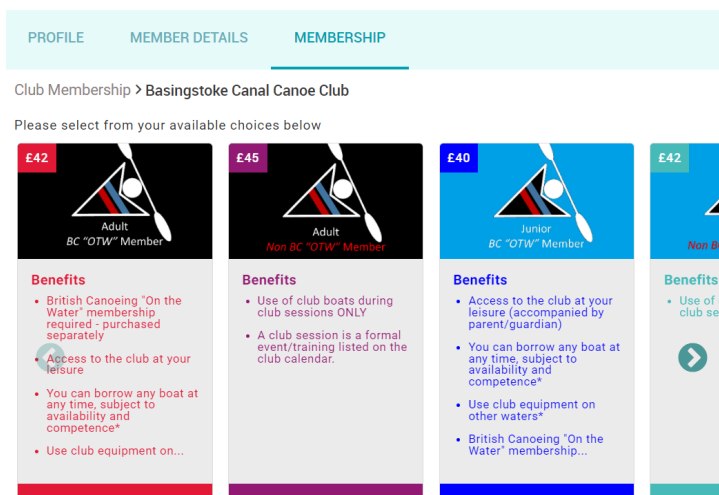

The bottom “Club Membership” is for renewing your Basingstoke Canal Canoe Club membership. Click this one.

- You can see your active membership and expiry here (Transferred over from webcollect).  
Click “Renew or Add your Membership”.

- Here you can scroll to the right to choose the membership for you.  
PLEASE NOTE that the Adult/Junior BC “On the Water” Member requires the On the water membership through British Canoeing, purchased separately. If you would not like to purchase “On the Water” BC membership, then you are restricted to using club boats during club sessions only - you are not insured and you do not have a waterways license outside of these times.

*Scroll to the far right to build your family membership*

- You can choose whether to sign up to an annual subscription which will automatically renew until you cancel it, or to manually renew it each year.
- You can now proceed to cart and complete your payment.
